

MINISTRY TRAINEES

St Luke's, Deeplish

St Peter's, Newbold

We are offering a unique opportunity to experience ministry at two churches in Rochdale, Greater Manchester.

The aim is to provide a one (or two) year ministry training experience for those considering full-time Christian ministry in the context of service in local churches.

The roles consist of three parts

- 1. Training. Receive Bible training on the North West Partnership course**
- 2. Ministry. Serve through bible studies or occasional preaching**
- 3. Service. Practical service within the churches**

Our churches are within the 10% most deprived areas nationally. Both parishes have a large Muslim population, 50-85%. St Peter's and St Luke's are small Anglican Evangelical churches with remarkably rich opportunities for gospel ministry in a challenging context.

We are interested in applications from committed evangelical Christians enthusiastic to share the gospel, teach the Bible and excited about working in both deprived and Muslim contexts.

These are voluntary trainee positions, but we have good links with St Helen's, Bishopsgate and the Gospel Partners Trust to help you find support if necessary. Please contact us for further information.
