

## **Radcliffe Road Baptist Church – brief background info**

Radcliffe Road Baptist Church (RRBC) grew from small beginnings in 1985 when two families responded to a call to, in effect re-plant a Baptist work in the town of Bury. From that time the church grew as people were converted and others found a church they wished to be part of. The church has had a history of being mission-minded, and this is reflected in the number of groups that meet during the week, seeking to connect with children and adults with different needs and different levels of understanding.

Today RRBC has a membership of 60 with more attending on Sundays, including a good number of young children and younger teens. We enjoy the use of our own purpose built building now 15 years old, fully paid for, and in use six days a week. There is a lot of housing near to the church. We are known to two of the local pubs which we have used on occasion for outreach evenings.

The position of Pastor may suit an experienced man or a younger man with limited pastoral leadership experience. Mentoring and support can be offered.
